# Tuesday Morning Math

Write down the multiples of 4. Use your multiplication table to help you.

➤  $4 \times 1 = 4$

➤  $4 \times 2 = 8$

➤  $4 \times 3 = 12$

Write down your facts until you get to 20.

Can you find a pattern?

See if you can continue to write down facts until 30!

## New Topic Alert!

- ▶ For the month of June we will be learning about

$\div$  **division!**  $\div$

- ▶ Sometimes, division is thought of being the opposite of multiplication, but that isn't always true (you'll learn why soon).
- ▶ Think of the division sign  $\div$  as meaning “shared by”

- ▶ **Watch the link to the story below:**

### **Now Answer These Questions:**

1. Did everyone end up getting an equal amount of cookies?
2. What if they had 5 cookies? Would they be able to split them equally? How?

# Thursday Afternoon Activity

It's **THINK OUTSIDE THE BOX THURSDAY!**

Think outside the box and complete the picture below. What can you come up with? Make sure you email or text it to me so I can see your creative creations! Have fun!

# Friday Morning Math

- ▶ Ms. Dhillon is doing some more baking! This time she is baking her favorite triple chocolate chip cookies.
  - ▶ She has baked 12 cookies and wants to share them between 3 people.
1. How many cookies will each person get?
  2. How many cookies will each person get if she wants to share the cookies between 4 people?

# Friday Afternoon Activity

## Today is National Donut Day!

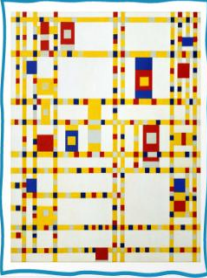

This means that you get to create your own donut designs! Take a piece of paper and fold it so that it has 4 different sections. Label each section 1–4. Now go ahead and create a donut design in each section. You should have four different designs at the end.

On the next slide, you will find the work of some famous artists. You can use their work as inspiration for your donut design or you can just create your own.

Make sure you send me pictures of your designs...I'm already getting hungry!

# Extra Activities

The next slide has some extra activities that you can try at home if you're looking for more challenges.

*Enjoy!*

# Extra Activities

1. Create a poster to educate people about how they can protect our oceans. National Geographic has written a list of 10 suggested ways to help protect our ocean. Choose one of these ideas to promote a healthy ocean.

<https://www.nationalgeographic.com/environment/oceans/take-action/10-things-you-can-do-to-save-the-ocean/>

2. Search for places around the world on the internet and plan your perfect vacation! Where would you go? Who would you go with? What would you do? What would you eat?
3. You are going to create a fun day out for your class! Your budget is \$25 per person. Where are you going to go? How much will it cost in total? Will you have any money left over?
4. Log on to IXL and Raz-Kids and sharpen up your math and reading skills.
5. Don't forget to check out the activity on our class website!

# Dear Parents,

Unfortunately, I have been noticing a decrease in the number of students attending our Zoom meetings. **It is SO important for students to attend both the Monday and Friday meetings.** The Monday meeting provides us an opportunity to connect with one another, which is much needed for everyone at the moment.

The Friday meetings give me a chance to determine what students are/are not understanding and provide support. Remember, if your child requires one-on-one support, whether that be academic or emotional, there are definitely times available during the week for this!

We only have roughly 8 meetings left so please try and encourage your children to attend all Zoom meetings. Let's do our best to stay in touch with each other.

# Zoom Schedule

Monday	Tuesday	Wednesday	Thursday	Friday
Whole class Zoom meeting at 1pm.	<p>Students may meet with me for a one-on-one Zoom meeting if they require any academic or emotional support.</p> <p>Please contact me to schedule this prior to logging on.</p>	<p>Students may meet with me for a one-on-one Zoom meeting if they require any academic or emotional support.</p> <p>Please contact me to schedule this prior to logging on.</p>		<p>House Group Zoom Meetings to share work.</p> <p>Random Squad 10:30–11:00</p> <p>Dragon Squad 11:15–11:45</p> <p>Sushi Squad 1:00–1:30</p> <p>Lucky 1s 1:45–2:15</p>
